

2021 5th International Conference on Renewable Energy and Environment (ICREE 2021)

>>> Istanbul, Turkey | Oct. 21-23, 2021

<http://www.icree.org/>

It delightfully welcomes all the researchers and developers to share their experiences and ideas through research talks and presentations from diverse fields in renewable energy and environment. This event offers a platform in bringing together a forum for students, postdocs and established scientists to exchange their ideas and contributing an integrative approach to renewable energy and environment.

Topics

Topics of interest for submission include, but are not limited to:

- Wind Energy Applications
- Wind Resources Environmental Impact
- Environmental Impact Assessment
- Hydropower Applications
- Solar Cell Technology
